

# The Frelix Group <sup>LLC</sup>

A BUSINESS DEVELOPMENT COMPANY

## Our Company

The Frelix Group is a boutique business development and consulting company focused on growth-oriented small- to mid-sized companies. We work closely with clients to define and achieve strategies that create value, while building the necessary infrastructure to manage and sustain success.

The Frelix Group offers consulting services, business incubation and development, and management support services to entrepreneurs, business leaders and private equity firms to optimize opportunities for all involved.

Our main goal is to help leaders make fact-based decisions leading to valuable and sustainable success and wealth for them and their shareholders.

## Our Clients

The Frelix Group works with executives of small- to mid-sized companies and non-profit organizations. Our clients share the common goals of sustainable growth and wealth creation. We specialize in:

- Strategy development & analysis
- Planning & performance management
- Business development
- Performance improvement
- Change management

We also partner with corporate senior managers with an interest in becoming entrepreneurs to identify, analyze and develop new markets, products and business opportunities.

## Our Value Proposition

We're more than a typical consulting firm. Not only do we provide our clients high quality customized, relevant and actionable solutions, we also partner with clients to identify, analyze and develop markets, products and opportunities.

Our broad experience – at the executive levels of both Fortune 500 companies and consulting firms – as well as our extensive network across multiple industries, allows us to offer clients a unique portfolio of services.

We provide support throughout the business lifecycle including concept incubation, feasibility studies, business planning, fundraising, strategic and operational due diligence, launch, growth and exit strategies.

Our clients' success is our success! Thus, we offer cost-effective fees and accept performance-based incentives or equity in lieu of fees, when appropriate.
